

A technical line drawing of a modular bench system, labeled 'Fig. 1'. It shows four identical rectangular units arranged in a row. Each unit has a flat top surface and a slightly raised front edge. The units are connected by interlocking mechanisms on their side edges. On the left side of each unit, there are three small circular holes. On the right side, there is a small rectangular protrusion. The drawing is a perspective view, showing the top and side surfaces of the units.

L: Longueur lame [mm]
d: Joint de dilatation [mm]
= 0,001 x L
S: Pas de lame [mm]
a: Angle min. d'ensoleilment [°]
