

MODEL PLACING GUIDELINE

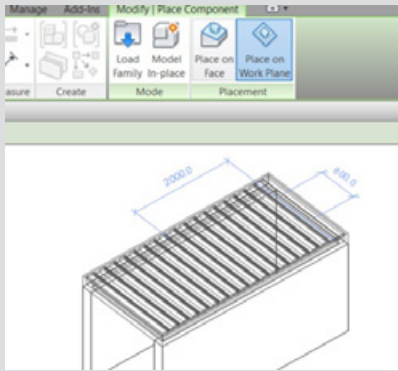

How to place our Aero in your project?

1 After loading Renson_Aero_Patio covers.rfa in your project file, go to ribbon 'Architecture', choose tab 'Component' to pick Aero model. You now have 2 options.

A For integration mounting, choose 'Place on Face' button

B For surface mounting, choose 'Place on Work Plane' button

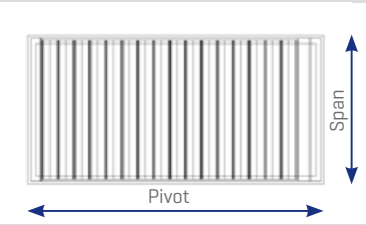

At the tooltips, you can directly see the parameter's description

Opening
Skye Cover opening option (percentage)
maximum 75%

Angle
Angle rotating louvre (degree)
Maximum 150°

Properties	
	Renson_Aero_Patio covers Aero - Single
