GENERAL INFORMATION

Thanks to our extensive range of standard colours, your patio cover will always fit in perfectly with the architecture that surrounds it. The powder coating of our aluminium profiles not only ensures our patio covers look aesthetically stunning in their various finishes; it also provides durable protection against outside influences. On top of that, Seaside Quality pre-treatment is applied to Renson products as standard.

Seaside Quality A

Seaside Quality A is a pre-treatment incorporated into the powder coating line in which a surface layer of at least 2 g/m² is removed before coating. This extra pre-treatment protects our aluminium profiles against the effects of aggressive environments, such as coastal or heavy industrial areas.

Difference between Seaside Quality and pre-anodisation

Pre-anodisation is a pre-treatment that protects aluminium profiles against highly aggressive environments. Pre-anodisation takes place on a separate anodisation line, instead of directly on the powder coating line.

After pre-anodisation, the profiles must be handled very carefully and quickly processed on the powder-coating line. However, pre-anodised patio cover profiles cannot be powder-coated immediately without further processing. Doing so will compromise the quality of the pre-anodisation layer. This is why we do not offer this pre-treatment for our outdoor products. Seaside Quality A, however, always offers exceptional protection from aggressive environments.

Coating finish

Depending on the desired appearance, there are 3 types of powder-coating finishes available.

- Textured coating
- Gloss [gloss level 70%]
- Matt [gloss level 30%]

COLOUR AND STYLE ADVICE

Textured coating

Renson® recommends textured coating for your frame and columns to create an architectural, contemporary look. In addition, textured coating is less susceptible to scratching, and when it does get scratched, any marks are less easily visible.

Tip:

For ease of maintenance, blades can be powder-coated in either a matt or gloss finish. Always use the Renson® Maintenance Set to clean your cover effortlessly and safely.

Bicolour

By having the blades powder-coated in a lighter colour than the frame and columns, you can create a lighter and more open atmosphere underneath your patio cover. A light-coloured louvered roof will reflect the heat of the sun much better and will allow much more light to enter the home in wall-mounted covers, for example, while dark-coloured blades will absorb solar heat. A bicolour option is available at standard prices.

Outdoor Top 20

We have brought together our most popular Outdoor colours in the Outdoor Top 20. This selection of standard colours reflects the latest colour trends, making it easier for you to decide on your colours. The Outdoor Top 20 follows the evolution in colour trends and may change from year to year.

Creating healthy spaces

Wooddesign

Create the natural warm appearance of wood, but with all the benefits and easy maintenance of aluminium. Wooddesign finishing is possible on the roof blades in our patio covers and on the blades in our aluminium Loggia panels.

- Colourfast powder coating with wood grain texture
- Low maintenance
- Available in 3 designs:
 - White oak
 - Natural oak
 - Walnut
- Shine and colour warranty: five years

Applicable to:

- Aluminium Loggia Paro / Privacy blades *
- Camargue **
- Camargue Skye **
- Algarve **
- Aero **
- Aero Skye **

* Not applicable to Loggia Plano blades.

** Not applicable in combination with Lineo Luce [glass blades], Lineo Fix or Lineo Heat. The drips are powder coated in a uniform colour according to the Wooddesign basic colour [without wood grain texture]. The fixed blade/remainder filler will match the colour of the frame and columns [Wooddesign not possible].

RENSON STANDARD COLOURS

Applicability

Our patio covers are available in ± 150 textured coating colours at standard prices.

The blades are also available in a matte or glossy finish at standard prices. Any surcharges for non-standard colours will only be charged once per order, per colour [see price-list].

	Renson standard colours			Other colours
	Texture	Matt	Glossy	
Frame & columns	Standard price	Surcharge	Surcharge	Surcharge
Roof blades	Standard price	Standard price	Standard price	Surcharge

The above table is applicable to all accessories ordered together with the patio cover.

- Lineo LED, Lineo Luce and Lineo Fix will match the colour of the roof blades.
- Aluminium Loggia blades can be finished in the colour of the frame and columns, or in the colour of the roof blades.
- All other accessories will match the colour of the frame and columns.

Backorders or separate orders

	Renson textured coating	Matte, glossy or other colours
Integrated Fixscreen (Camargue)	Standard price	Surcharge
Algarve Fixscreen	Order via Sunprotection	
Lapure Fixscreen	Not possible as backorder
